**Guidance on the Supervision of Children during Training**

---

Dear Parents and Guardians,

We thought it useful to provide clarity on the drop-off and pick-up of children at training sessions.

**Children under the age of 8:**

Please can we ask adults to be present throughout the session in the spectator gallery. We are sorry for the lack of facilities at the Simon Balle Tuesday session.

**Children between the ages of 8 - 11**

We do not require adults to be on site throughout the session but if you wish to leave a child please ensure that they are through the changing rooms and are on poolside for registration with their coach before you leave.

**Children aged 12 and over.**

Children can arrive and leave the pool unaccompanied.

Please be prompt when picking up children at the end of sessions and please ensure that the club has up-to-date emergency information.

Email [info@hertfordsc.co.uk](mailto:info@hertfordsc.co.uk) if any of the information you have given the club changes.

We hope you find this guide helpful.
